# ALDER CABIN

# VICTORY CIRCLE

The image shows a close-up of a wooden structure, likely a fence or a building, that has suffered significant decay and damage. The wood is heavily weathered, with large sections missing and exposed, revealing a rough, reddish-brown interior. The text "VICTORY CIRCLE" is overlaid in bright yellow, bold, sans-serif capital letters. The background shows more of the wooden structure, including a vertical post and a horizontal beam, all appearing aged and worn.
